Our Mission Statement:

LimmudBoston is both the annual, volunteer-driven conference celebrating Jewish life and the resulting collaborative community that our events inspire.

Limmud International Core Values:

Learning | Expanding Jewish Horizons | Enabling Connections | Participation | Empowerment | Diversity | Community and Mutual Responsibility | Respect | Arguments for the Sake of Heaven | Religious Observance

LimmudBoston honors the core values of Limmud International. We celebrate learning, diversity and community involvement. We honor tradition and explore expanding our Jewish horizon. We value all members of the community. We foster connections and encourage participation.

Core Value: Learning
- Everyone should be a student and anyone can be a teacher. Learning embraces personal development, knowledge and skills.
- Learning changes people, inspires action and opens new worlds.
- We encourage the creation of a learning environment in which people are able to reflect and grow.
- There are many inspirations that can offer opportunities for learning.

Core Value: Enabling Connections
- We aim to create opportunities for communities and individuals to connect.
- We recognize the strength of providing a space where spiritual, emotional and intellectual connections are made.

Core Value: Participation
- Volunteerism is a key feature of almost everything we do.
- We are all responsible for each other and for the communities we create – everyone has an important contribution to make.
- We encourage participants to take an active part in all we do.

Core Value: Respect
- No-one is more important than anyone else.
- We expect all participants to be respectful of one another, and to recognize that all volunteers are also participants.
- Personal attacks are not acceptable in any Limmud context, especially within sessions at events.

Core Value: Empowerment
- We inspire people to be ambitious about their contribution.
- We challenge people, and trust them to rise to that challenge.
- We see the potential of individuals and communities, and support their development.
- We empower people to make choices and provide the information they need to inform those choices (including in the biographies which we ask presenters to provide).

Core Value: Expanding Jewish Horizons
- We strive to create individual, collective and communal experiences, through which we strengthen and develop our Jewish identity.

Core Value: Diversity
- We value the rich diversity among Jews, and so we seek to create cross-communal and intergenerational experiences.
- We value accessibility, and aim to be accessible to all.
- We value choice in form, content and style in our programs.
- We encourage people not to stereotype others.

Core Value: Community and Mutual Responsibility
- Limmud is a community of learning.
- We can achieve more together than we can individually.
- We gain from, and should give something back to, the Jewish and wider community.

Core Value: Arguments for the Sake of Heaven
- We recognize and appreciate that ‘arguments for the sake of heaven’ can make a positive contribution to furthering our education and understanding.
- We do not participate in legitimizing or de-legitimizing any religious or political position found in the worldwide Jewish community. Anyone coming to Limmud seeking opportunities for this will not find them. We have no part to play in the debates between/across denominations.
- Sessions which encourage vigorous debate are entirely acceptable but we will seek to avoid religious or political conflict. Sessions should be educational, and not polemical.

Core Value: Religious Observance
- We seek to create an inclusive environment for all participants whatever their religious observance practices.
- We believe in the importance of enabling Shabbat and kashrut to be kept in all public areas as far as possible, so that Jews do not have to separate themselves one from another.
- We recognize that in private areas, people will behave as they wish.
- We ask that in matters of Shabbat and kashrut all participants behave in a way which is respectful of the religious observance of others.

No matter where you are on the spectrum of Jewish living, there is more to learn and more to do at LimmudBoston.

Dear Friends

It is with great pleasure that I am writing to congratulate you on Limmud Boston 2016. I am sure the event will build on the success of past years. We look forward to hearing all about it.

2016 represents the 36th year of Limmud’s existence and its growth around the world has been astounding. Limmud’s unique model of volunteer-led, cross-communal, multi-generational and transformational Jewish experiences is now truly global. There are now 83 Limmud groups in 43 countries round the world, and in 2015 there were 66 Limmud events run by 3,000 volunteers with 33,000 participants. These events are all inspired and supported by Limmud International and you can find out more at www.limmudinternational.org. Limmud is now truly a global community and we encourage you to attend Limmud events in other parts of the world if you are able to.

Limmud seeks to take every individual who attends our events one step further on their Jewish journey. Each individual will have a different Jewish journey yet I have no doubt that given the excellent and diverse programme that has been developed, Limmud Boston will achieve this goal. I would like to extend my congratulations to the wonderful team who have put so much effort into creating this event and Limmud community and I wish you every success.

David Bilchitz
Chair Limmud International,

Shalom!

CJP is delighted to be a sponsor of LimmudBoston, and to be part of this vibrant Jewish learning experience! The Jewish Learning and Engagement Commission at CJP connects people to Jewish life, learning, and community. We do this by employing strategies that increase excellence and innovation, lower barriers to participation, and create a sense of community and social networks.

We hope that you will join us not only at today’s LimmudBoston sessions, but also at the programs that CJP supports throughout the year. In adult learning, we are proud to offer Me’ah (100 hours of adult Jewish learning), Me’ah Select (one semester courses), Me’ah Online, Parenting Through a Jewish Lens, Genesis Forum (this year in three different locations), our new Open Circles Learning, and Eser for young adults. CJP also supports a wide range of Jewish opportunities for children and teens and their families, including overnight camping, day schools and our work to transform and innovate in supplementary schools through Jewish Learning Connections.

We are excited to welcome many teachers and educators from across the Greater Boston area to participate in all that LimmudBoston offers. Their involvement in both offering and attending sessions is a testament to the value of Jewish education in our community.

We wish everyone a wonderful day of learning, growth, and exploration!

Dear Limmud Participants,

On behalf of Hebrew College, I am honored and pleased to welcome you to the seventh annual LimmudBoston. LimmudBoston has become an exciting destination for Jewish learning and has created diverse opportunities that foster intellectual and spiritual growth.

My own experience teaching at LimmudBoston and the experiences of my colleagues have reinforced for me the meaning of this unique forum for Jewish study and engagement. The enthusiasm and thoughtfulness of the participants is inspiring and signals great hope for the Jewish future.

Hebrew College has been a partner with LimmudBoston from its inception. Steffi Aronson Karp, who also serves on Hebrew College’s Leadership Council, has shared her passion and vision with the entire community. Hebrew College is proud that our faculty, students and alumni learn and teach at LimmudBoston every year.

It is my sincere hope that LimmudBoston will whet your appetite for further Jewish study. Throughout the year, Hebrew College offers a variety of exciting adult education programs and graduate studies that can deepen your Jewish learning. We have launched new classes and public events this year which will engage your mind and soul. Please visit our website at www.hebrewcollege.edu to learn more. May your Jewish study go from strength to strength.

B’vracha - with blessings,

Rabbi Daniel Lehmann

Dear Friends

I am honored and delighted to welcome you to Temple Reyim for the seventh annual LimmudBoston. When Steffi Aronson Karp first raised the idea of partnering with Reyim to bring LimmudBoston here, we were thrilled. The serious, innovative, wise and inclusive qualities of this extraordinary day of learning are what we all aspire to bring to our own communities. The experiences of both teachers and participants at LimmudBoston have been wonderful, and I’m delighted to offer a session this year as well. According to our ancient rabbinic sources, Talmud Torah, meaning lifelong learning, is our most profound mitzvah; it connects us to our religious roots while helping us imagine a strong, spiritually uplifting and vital Jewish future.

We hope you enjoy this wonderful day and you feel at home here. Temple Reyim is a community of close friends who pray and learn together, seek to positively impact the broader community, and are present for each other at the most important moments in our lives. We are a traditional egalitarian, inclusive and spiritually-focused congregation that nurtures the mind and engages the soul. We invite you to join us anytime, for programs, Shabbat and holiday services, our special Beit Midrash scholarship series, and many other opportunities to grow and strengthen our Jewish, spiritual lives. You are always welcome here.

May you be inspired to a lifetime of joyful and passionate learning.

Warmly,

Rabbi Daniel Berman
Dear Friends,

Welcome to LimmudBoston2016! The JCC of Greater Boston is excited to be part of this day of interactive Jewish learning and culture as we come together in education, in doing, and in unity.

As you move through your day, I’m proud to share that the JCC is supporting LimmudBoston by running Camp Limmud, managed by two of our experienced professionals from the JCC Early Learning Centers. Our new after school enrichment program Discovery Club is offering experiential workshops for both adults and children and I welcome you to join me at my workshop “What a Long Strange (Jewish) Trip it’s Been,” where I’ll look at Talmudic text, Grateful Dead lyrics, contemporary wisdom and other sources to learn about what Jewish identity looks like in 2016.

I hope you not only join us in our sessions today, but also at our wide array of programs offered through the 98 communities we serve across Greater Boston. Pick up a PJ Library subscription, explore our three summer camp offerings or engage in meaningful conversation through our Hot Buttons Cool Conversations program.

Here at the JCC, we continue on our journey to create a space where our community will connect, engage, learn, grow and dwell together for generations to come. I look forward to welcoming you to the inclusive, non-judgmental tent we call the JCC.

Does God Have Ears That Really Work?
Talking about God with Your Young Children
Ma’ayan Sands
Subject Area: Family Program, Spirituality & Prayer
Talking about God can be very challenging—especially in our role as parents, because adults often don’t know what or whether they believe. Ma’ayan Sands will read her book “Does God Have Ears That Really Work?” and facilitate a multi-generational, supportive discussion about God. Having answers is neither necessary nor important. Being curious, open-minded, and willing to engage in discussion will help parents develop enduring tools for challenging discussions with their children, and even their peers. For parents and their young children (4-8 years).

Why Courts Matter: NCJW’s Campaign for a Fair and Independent Judiciary
Nancy K. Kaufman
Subject Area: Social Justice
Federal court decisions impact every aspect of our lives: the schools we can attend; our privacy; our ability to marry whom we choose and start a family when we choose; the safety of the products we buy; our religious freedom; and our voting rights. All federal judges hold lifetime appointments and must be confirmed by the US Senate. The composition of the courts, therefore, defines how justice is delivered in our nation. Yet, the number of judicial vacancies we are experiencing in America is at an all-time high. Let’s explore the importance of the federal judiciary and how the Jewish community can help ensure that court vacancies are filled in a timely manner.
